**CITY MANAGER APPROVAL:** CITY ATTORNEY

**SUBJECT:** Text Amendment to Chapter 3, Alcoholic Beverages by specifically amending Section 3-23 entitled “Permits required for premises to remain open past midnight; revocation, suspension of state beverage license” and by specifically creating Section 3-32, entitled “Personal Alcoholic Beverage Seller/Server’s Education, Training and Certification” - Case#CD08-27T “Open Past Midnight Permit & Education/Training Certification Ordinance”

**1. BACKGROUND/HISTORY**

**Legislative History**

On January 21, 2009 the proposed Chapter 3 Ordinance was approved on 1st reading by the City Commission.

On January 7, 2009 City staff, United Way task force/focus group members and the Assistant City Attorney met to discuss revisions needed to the new proposed Chapter 3 Ordinance in order to provide various education/training certification provisions related to alcoholic beverage vendors who sell/serve and/or wish to sell/serve alcoholic beverages in the City with an “open past midnight permit”. In addition, input received from the City Attorney on 1/7/09 was discussed. The primary points recommended by the focus group related to the new additions and changes to the Ordinance which are as follows:

1. Removes the actual registration application requirement from the Ordinance requiring the City’s specific participation in the program and allows certificates of training completion from other state-accepted programs such as “TIPS” and “Serve” to be considered when applying for an “open past midnight permit” for any new and existing alcoholic beverage establishment.
2. Adds four (4) curriculum program objectives for recognition of any of the state-accepted “personal alcoholic beverage seller/server’s education, training and certification” classes/courses and/or programs.
3. Clarifies the linkage between the “open past midnight permit” and the new “personal alcoholic beverage seller/server’s education, training and certification” requirement.
4. Recommends increases in the “open past midnight” permit fees from \$150 & \$200 to \$1,500 & \$2,000.

The City Attorney's Ordinance input and staff's responses are as follows:

1. Where did the term past midnight permit originated from?

*Answer:* From the title of the existing Chapter 3 Ordinance.

2. We will need to work on the "Whereas" clauses.

*Answer:* "Understood"

3. I do not think delivery persons should be required to be certified.

*Answer:* This has been removed from the draft Ordinance.

4. I need to have more information on the actual certification program.

*Answer:* See attached pages from PREP Facilitator's Manual.

5. Is it certified by any state agency?

*Answer:* The focus group is currently working with staff from the various departments from the State of Florida to create an acceptance process.

6. Who developed it?

*Answer:* A collaborative of the United Way, State DCF, FSU, State coalitions on substance abuse and the Pacific Institute for Research & Evaluation

7. What is the background of those individuals actually engaged in the training?

*Answer:* No longer applicable to our Ordinance.

8. What is the cost of each individual who goes through the training?

*Answer:* No longer applicable to our Ordinance.

9. Where does the fee paid by the individual to be certified go?

*Answer:* No longer applicable to our Ordinance.

## **2. CURRENT ACTIVITY**

Over the last several months, Commissioner Larry Gierer serving as the City Commission's designated City representative, Senior Planner Rick Buckeye and the Broward Sheriff's Office (District 12) have had several meetings and discussions with representatives from the United Way, the State Division of Alcoholic Beverages and Tobacco (AB&T), and other Broward partners with the intent to include a local merchant certification program in the City's FY09 Business Plan as a BSO initiative. The thrust of these meetings and discussions all relate to an idea by the United Way's task force to develop a partnership with all of the cities in Broward County to establish a pilot program

requiring the education, training and certification of the individuals who sell alcoholic beverages at all types of convenience stores, grocery stores, liquor stores and gas stations within a municipality's jurisdiction. The primary objective is to develop and implement a regulatory and licensing process and program. This is needed as demonstrated by poor results from ABT compliance checks regarding the sale of alcohol to underage persons.

**4. FINANCIAL IMPACT**

Minimal since the education/training certification program will no longer be administered through the City with the processing of the registration applications for classes and the creation of a data base. Only the collection of the education/training certificates for the file from the applicants would be necessary for the authorization and issuance of an "open past midnight permit".

**5. RECOMMENDATION**

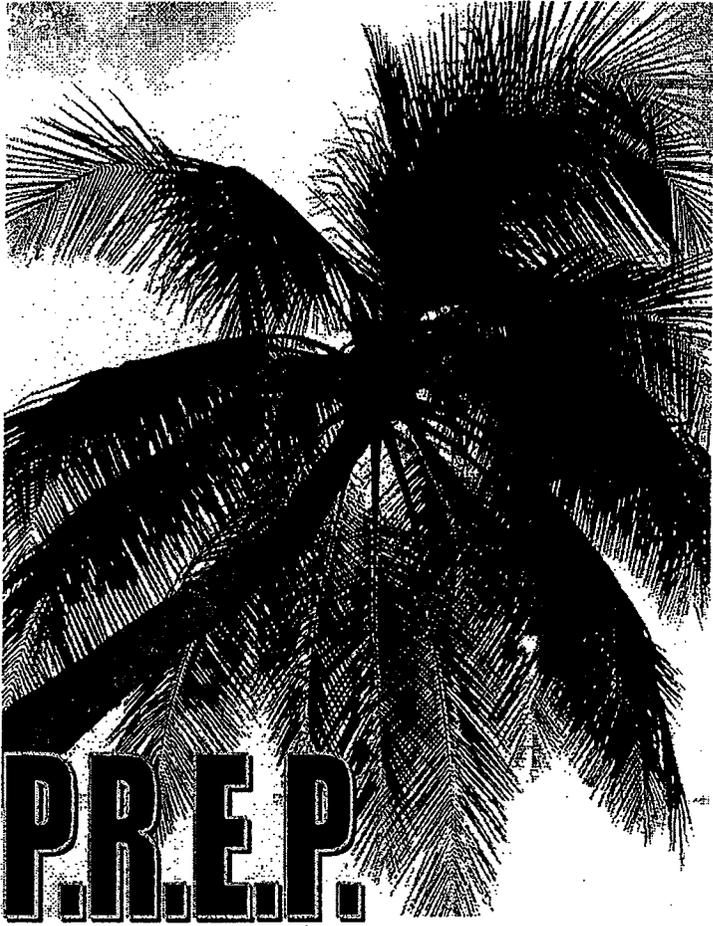

Staff recommends that the City Commission adopt the proposed Ordinance on 2nd reading.

**Promoting Retailers Education Program**

**Facilitator's Manual**

*Draft Version: 11-25-08*

## Introduction

Underage alcohol use accounts for about 20% of all the alcohol consumed in the United States each year. There are increasing numbers of deaths and injuries in which alcohol is involved. Insurance companies reflect the growing seriousness of drunk-driving crash claims by raising premiums. Injured parties are taking their cases to court in third-party liability lawsuits where, increasingly, judges are assigning a percentage of the fault to licensees, clerks and servers. Illegal sales and irresponsible service of alcohol are not being tolerated.

In the same manner, each year approximately 440,000 deaths are attributed to cigarette smoking. These deaths are preventable by reducing the sale of tobacco products to underage individuals.

Preventing substance abuse problems before they develop can be a challenging endeavor, but research – coupled with years of programming – has taught us that prevention is the most efficient, cost-effective approach. Prevention not only saves time and money, it saves lives and prevents or reduces harm.

Promoting Retailers Education Program (PREP) is designed to encourage and promote partnerships between licensed alcohol and tobacco retailers, law enforcement, and communities – partnerships that are dedicated to preventing and reducing alcohol and tobacco problems throughout Florida.

### Introductory Notes for the Facilitator:

The manual consists of three components:

Component One: For all individuals who sell or serve alcohol and tobacco products.

Component Two: A continuation of Component One only for individuals who sell alcohol products in on-premise establishments.

Component Three: For individuals who are responsible for the development of alcohol and tobacco management policies, such as licensees, owners or managers.

The facilitator's manual gives introductions to topics, explanations, and bridges. Times listed will assist facilitators in completing the course in the allotted time.

Participant booklet pages and Power Point slides are shown on the respective facilitator's pages.

## City of Oakland Park

# **“Alcoholic Beverage Establishment - Open Past Midnight /Personal Alcoholic Beverage Seller/Server’s Education, Training and Certification” Ordinance**

## **ACTION PLAN**

1/7/09

**City of Oakland Park**  
**“Open Past Midnight/Certification” Ordinance**

**ACTION PLAN**

**Introduction**

The “Alcoholic Beverage Establishment - Open Past Midnight /Personal Alcoholic Beverage Seller/Server’s Education, Training and Certification” Ordinance is a comprehensive initiative that will require alcohol vendors (store owners and clerks) in the City of Oakland Park with or wishing to obtain an open past midnight permit to participate in facilitated training sessions that will lead to certification. Participants will be informed of statistics related to alcohol and tobacco use among underage individuals, as well as laws and consequences pertaining to illegal sales of these products. They will also acquire skills in properly checking identification of customers and refusing sales to underage persons. This initiative is part of an innovative multi-strategic approach aimed at reducing access of alcohol to underage individuals in Oakland Park. It is the first of its kind in Broward County and will serve as a model for programs throughout the county and the state of Florida.

**Executive Summary**

***The Issue***

Alcohol continues to be the number one drug of choice among Broward County youth; more than tobacco or illicit drugs combined. In Broward County, 64,000 youth aged 12-20 are current users of alcohol, and more than half are binge drinkers. In addition, 28% of local high school youth who began using alcohol before the age of 13 became alcohol-dependent at some point in their lives.

Despite these disturbing trends, current compliance checks in the City of Oakland Park have revealed that nearly 30% of alcohol vendors continue to sell alcohol to underage youth. Research indicates that outside of the home, convenience stores are the number one location where youth obtain alcohol. Thus, laws and policies aimed at retailers are at the heart of any effort to reduce underage drinking.

***The Program***

Individuals from the City Commission of Oakland Park, the Broward Sheriff’s Office, the United Way of Broward County Commission on Substance Abuse, the State Division of Alcoholic Beverages and Tobacco (AB&T), the Task Force to Address Underage Drinking in Broward County, and other local leaders have come together to develop a multi-strategic approach to

# City of Oakland Park "Open Past Midnight/Certification" Ordinance

## ACTION PLAN

address this issue. A comprehensive city ordinance has been created that will make it mandatory for all convenience store employees to become certified through completion of a merchant education program. Upon certification, these employees must comply with stringent laws and fully understand the seriousness of selling to youth and the subsequent consequences.

As a result of this Ordinance, the City of Oakland Park will identify and maintain licensure records on all employees working in alcoholic beverage establishments with an open past midnight permit. In addition, a recognition/rewards component has been developed so that alcoholic beverage establishments achieving high rates of compliance will receive public acknowledgement. This cutting-edge approach addressing underage drinking through the adoption of a city ordinance is the first of its kind in the State of Florida and will serve as a model for the rest of the State.

To complement these efforts, the coalition members have promoted a media campaign to make the community-at-large aware of the issues surrounding underage drinking. It is imperative that parents talk with their children and that they recognize that the home is the place youth most commonly access alcohol. In partnership with the adjoining counties, this effort is targeting all of South Florida.

### *Current Status*

- (1) A draft Ordinance has been written outlining the program, which will require alcohol vendors (any person that works as a manager, alcoholic beverage seller/server and a store clerk, to participate in a training program leading to certification. A Public Hearing on the new Ordinance will take place at the City of Oakland Park City Hall on **January 21, 2009**.
- (2) Officers from the Division of Alcoholic Beverages and Tobacco (AB&T) and the Broward Sheriff's Office (BSO) have completed a baseline of Compliance Checks Operations in Oakland Park, documenting a **non-compliance rate of 28%**
- (3) An independent consultant has been hired through the United Way of Broward County Commission on Substance Abuse to coordinate the initiative.
- (4) Training materials for the program are currently being developed.
- (5) A list of local vending establishments in the City of Oakland Park has been compiled.

19 **PROVIDING FOR DEFINITIONS; PROVIDING FOR**  
20 **SEVERABILITY; PROVIDING FOR CONFLICTS; PROVIDING**  
21 **FOR CODIFICATION; PROVIDING FOR AN EFFECTIVE DATE.**

22 **WHEREAS**, the City Commission deems it appropriate and in the best interests  
23 of the residents of Oakland Park to amend provisions of Chapter 3 entitled “Alcoholic  
24 Beverages” of the Code of Ordinances relative to the existing “permits required for  
25 premises to remain open past midnight; revocation, suspension of state beverage license”  
26 section and the new “personal alcoholic beverage seller/server’s education, training and  
27 certification” section for the sale of alcoholic beverages; and  
28

29 **WHEREAS**, in the cases of recent state and Local Law Enforcement activities  
30 related to the illegal alcoholic beverage sales to underage persons at bars, nightclubs,  
31 restaurants, restaurant bars, convenience stores, gasoline service stations, liquor stores,  
32 food and grocery stores, supermarkets and like retail establishments that have a state  
33 approved alcoholic beverage license in Broward County and Oakland Park an analysis of  
34 data was compiled by the Division of Alcoholic Beverages and Tobacco (AB&T) from  
35 compliance checks for the years 2005 through 2006 (with 17 arrests), 2006 through 2007  
36 (with 24 arrests) and 2007 through 2008 (with 52 arrests). The data from the AB&T  
37 compliance checks related to illegal alcoholic beverage sales to underage persons have  
38 revealed an approximate 70% compliance rate for Broward County which also is a 30%  
39 noncompliance rate. Compliance checks conducted within the City of Oakland Park have  
40 revealed a 72% compliance rate and a 28% non-compliance rate. These compliance rates  
41 are approximately 20% below the state average of 90-92%. State and Local Law  
42 Enforcement agencies seek to improve the compliance rates related to illegal alcoholic  
43 beverage sales to underage persons by requiring a state-accepted personal alcoholic  
44 beverage seller/server’s education, training and certification class/course and/or program  
45 in order to diminish this illegal activity.  
46
