## Getting Started with iOS Devices

You can use the OverDrive app to get eBooks, audiobooks, and periodicals from your library on your iOS device (iPhone, iPad, iPod Touch). *\*Note: Some digital formats may not be available from all libraries.*

### Step 1:

Download the OverDrive app from the Apple App Store.

### Step 2:

Open the OverDrive app and follow the prompts to create an OverDrive account and sign in.

### Step 3:

In the OverDrive app, swipe from left to right to open the **Home menu**. Then, tap **Add a library** to find your library's OverDrive website.

- Tap the star to save your library to your library list.
- Tap your library's name to start browsing.

### Step 4:

Sign into your library's OverDrive website with your library card and borrow a title.

### Step 5:

Find borrowed titles on your **Checkouts** page (under your **Account**) on your library's OverDrive website. From here, you can:

- **Download/Add** EPUB eBooks and MP3 audiobooks directly to the OverDrive app.
- Tap **Read** to open and read OverDrive Read or MediaDo Reader eBooks right in your browser.
- Tap **Listen** to open and play OverDrive Listen audiobooks right in your browser.
- If you've installed the Kindle reading app from the Apple App Store, select **Download**, then **Kindle Book** (U.S. only) to complete checkout on Amazon's website and send the book to your Kindle reading app.
