

Ethel M. Gordon Oakland Park Library

1298 N.E. 37 Street • Oakland Park, Florida 33334

(954) 630-4370

<https://oaklandparkfl.gov>

Getting Started with Mango Languages

1. Visit the library's website and click on the Mango Languages link. If it is no longer there, click on "Catalog, eBooks & Resources" and you'll find a Mango Languages link there as well.

The screenshot shows the library's website navigation menu on the left and the main content area on the right. The menu includes links for Adults, Kids, Monthly Calendar of Events, Public Computer Use, Teens, Volunteers, Online Services, Report a Concern, Parks & Leisure Services, Volunteer, Notify Me, and Public Records Search. The main content area features the library's name, the tagline "Free to the People Since 1958.", and a prominent "mango languages" logo with a green arrow pointing to it. Below the logo is a "Learn A New Language Today!" button. The page also includes a "NEW!" announcement, a "Mission Statement" section, and contact information for the library.

2. If you're doing this for the first time, you will not have an account set up. Click on "create one" to continue.

The screenshot shows the Mango Languages login page for Oakland Park Library. At the top, it says "Oakland Park Library". Below that, there is a "Preferred Language" dropdown menu set to "English". The main section is titled "Log in" and contains a "Log in" button, a "Guest Access" button, and a "Create a profile to track your progress." link. A green arrow points to the "Create one" link at the bottom of the page, which is labeled "Don't have a profile? Create one to keep track of your progress."

3. Now you'll have to enter your name, your e-mail address, and create a password for your new account. When all fields are filled in, click on the sign-up button. Note: Creating an account or profile lets you track your language learning progress!

4. If you're on one of our computers, it will automatically let you in and you can start your language learning journey. If you're at home, it will ask you for one more piece of information: your library card number or barcode. Note: Once you create your account, you will not have to enter your library card number again. Just your e-mail and the password you created.
