

CORONAVIRUS

Covid-19 | Outreach

The City of Oakland Park continues to monitor the Coronavirus situation, with the safety of citizens and employees a top priority.

There are 4 important things we encourage our residents to do:

1

Conduct City Business Online

To limit opportunities for exposure, residents and businesses are advised and encouraged to avoid City Facilities and **make dropbox payments or utilize our online service options**, when possible.

2

Stay Connected & Informed

For up-to-date information on City events and operations affected by the Coronavirus, sign up for email notifications with "Notify Me" when you visit: www.oaklandparkfl.gov

3

Register if you are Vulnerable

If you or someone you know are at risk during emergencies, please call 954-831-4000 to register with **Broward County's Vulnerable Population Registry**.

4

Protect Yourself & Your Community

The other side of this piece, has some great information from the **Florida Department of Health** to protect you from all infectious diseases.

CORONAVIRUS

Covid-19 | General Prevention

Florida Department of Health • FloridaHealth.gov • tinyurl.com/FLcdcprevention

Protect yourself from all infectious diseases by using these precautions.

Stay home when you are sick

Avoid contact with people who are sick

Practice 6' social distancing

Wash hands often with soap and water – 20 seconds or longer

Dry hands with a clean towel or air dry your hands

Avoid touching your eyes, nose, or mouth with unwashed hands or after touching surfaces

Cover your mouth with a tissue or sleeve when coughing or sneezing

Clean and disinfect “high touch” surfaces often

Call before visiting your doctor

Clean all “high-touch” surfaces every day.

High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tables, and bedside tables. Also, clean any surfaces that may have blood, stool, or body fluids on them. Use a household cleaning spray or wipe according to the label instructions. Labels contain instructions for safe and effective use of the cleaning product including precautions you should take when applying the product, such as wearing gloves and making sure you have good ventilation during use of the product.
